

## EASY SOLVE

Mould Cleaner Easy Solve is a ready to use mould cleaner that can dissolve unwanted residue on the mould surface, that may effect the outcome of finished product due to plate out, excess pigment build up or additive bloom.

Mould Cleaner Easy Solve may also be used to remove staining from moulded parts. Ensure part is thoroughly rinsed prior to storage, transport or sale.

### **Specific Description:**

A specific organic quick break solvent blended with alkalis and compatible high activity surfactants forms the basis of this optimum heavy duty degreaser and laundry solvent. Easy solve is an excellent choice as a degreaser for motor parts, engines, gear boxes and mechanical components.

### **Directions for Use:**

#### **Rotational Moulding**

Mould Cleaner Easy Solve may be applied using a clean rag or sprayed directly on the mould surface. Once applied allow to stand for 2-5 minutes then wipe clean with a damp cloth. For tougher stains on moulds surfaces light scrubbing may be necessary using a scotch bright (or similar) cleaning pad.

#### **Quick Break Degreaser**

Easy Solve is supplied ready to use and can be applied by either a brush/rag or spray method. Care should be taken, however when applying to painted or lacquered surfaces. For workshop floors and driveways the product can be diluted up to 1 part Easy Solve to 10 parts water. Allow a contact time of 5 – 10 minutes before hosing off.

#### **Laundry Solvent**

Easy Solve efficiently removes grease and oil spots and medical stains of an oily nature. Removal of candlewax grease stains from tablecloths, washing of workshop cleaning rags and greasy overalls is made simple with Easy Solve as is dispersion of grime on collars and cuffs. Easy Solve is added to the “break” cycle along with the break detergent. For each 45 kg load (dry weight) add 250-500 mls of Easy Solve. It is recommended a time of 8 minutes for the “break” cycle. Easy Solve is an excellent product for pre-spotting stains on fabrics before addition to the machine.

## **Physical/ Chemical Properties**

<i>Appearance</i>	Clear-Tan Liquid
<i>Odour</i>	Slight
<i>Specific Gravity</i>	1.01-1.03

## **Precautions**

Avoid contact with skin and eyes. Use in well ventilated areas. Keep container closed when not in use.

## **Safety Procedures**

- Avoid contact with skin
- Use in ventilated area.
- Keep container closed.
- If poisoning occurs contact a Doctor or poisons information on 132611.
- Keep in a cool dry area.
- Keep out of reach of children.
- Do not mix with other chemicals without reference to the manufacturer.
- Refer to the Material Safety Data Sheet (MSDS).

## **Packaging**

4 litre containers

## **Storage**

Store in a cool, dry area. Keep lid of container closed when not in use. Keep away from children. Store in accordance with State Regulations.
